

Frog Linear Art

I choose to do this linear art project, because it's a fun way to do some linear equations. I choose to do a frog because it seemed like it would be an easier shape and it wouldn't just be basic.

Linear Equations:

$$y = \frac{-2}{2}x + 11$$

$$y = \frac{-2}{2}x + 8$$

$$y = \frac{-2}{2}x + 0$$

$$y = \frac{-2}{2}x - 4$$

$$y = \frac{-2}{2}x - 9$$

$$y = \frac{-2}{-2}x + 11$$

$$y = \frac{-2}{-2}x + 8$$

$$y = \frac{-2}{-2}x + 4$$

$$y = \frac{-2}{-2}x + 0$$

$$y = \frac{-2}{-2}x - 4$$

$$y = \frac{-2}{-2}x - 9$$
